PAVAN ITTAMALLA

PYTHON FULL STACK DEVELOPER | FRESHER

pavanittamalla5@gmail.com | GitHub: github.com/pavanittamalla5-netizen | LinkedIn: linkedin.com/in/pavan-ittamalla-311320336

CAREER OBJECTIVE

To begin my career as a Python Full Stack Developer where I can apply my Python and web development fundamentals, contribute to practical software projects, and grow by building reliable, user-focused applications.

TECHNICAL SKILLS

Programming: Python (fundamentals), JavaScript
Frontend: HTML5, CSS3, JavaScript
Backend: Python backend fundamentals (coursework)
Database: Database fundamentals (coursework)
Tools: Git, GitHub, Visual Studio Code

PROJECTS

Expense Tracker Web Application

- Built a frontend web application to track income and expenses.
- Implemented transaction entry and dynamic calculations for income, expenses, and total balance.
- Used HTML for page structure, CSS for styling, and JavaScript for interactive behavior.
